TrueNet®

Category 5e Solutions

ADC KRONE's TrueNet Category 5e solutions are capable of carrying up to one Gigabit of data per second over an Ethernet channel, making it the ideal solution for today's small to medium-sized companies.

The Category 5e patch panels and wall outlets are the most popular connectivity products in Australia today and have become the industry standard. When combined with ADC KRONE's cable, patch cords and high performance modules, an end-to-end channel exists that maximises data throughput.

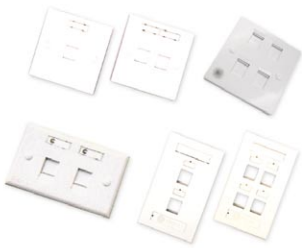

Category 5e

Product Description	Pack Quantity	Part Number	Product
Category 5e UTP 4 Pair, PVC Grey Blue	305m Box (36 boxes per pallet)	6499 1 028-01 6499 1 028-02	
Category 5e UTP 4 Pair, LSZH Grey	305m Box (36 boxes per pallet)	6462 3 430-45
